**COURSE
DESCRIPTION &
OBJECTIVES**

This course is designed as an intensive introduction to the domestic and international politics of Africa's diverse post-colonial states and political institutions, with a particular focus on Sub-Saharan Africa. Africa's expansiveness and its complexities are often reduced to sweeping generalizations which stand in the way of deeper understanding and explanation of political processes, economic (under)development, and political contestation. While some now focus attention on "Rising Africa" given improved macroeconomic indicators, the student of African politics must try and see past prevailing "Afro-positive" or "Afro-pessimist" narratives in fashion at any particular time.

The "marginalized continent" has suffered extensive extracontinental intervention for five hundred years. Most of the continent has been politically independent as sovereign states for barely sixty years. Thus, pre-colonial, colonial, post-colonial, and international influences and interventions must all be considered in any explanation of the evolution or trajectory of the politics of African states as well as the African regional state system. Awareness of African agency, even within the context of power asymmetries, is a central theme of this course. The paradox of the strong *de jure* African state (that is, international legal recognition of sovereign states and their borders) and often weak *de facto* African states (that is, governance and authority structures which cannot deliver sufficient public goods) will be another core theme of the course, as this paradox is implicated in authoritarianism, inter- and intra-state conflict, and economic under-

performance. How and why post-colonial African states evolved as they did remains highly contested scholarly terrain, a terrain we will traverse through multiple themes, perspectives, and theoretical approaches.

OBJECTIVES:

- To introduce students to the historical, theoretical, conceptual, and institutional foundations of post-colonial African politics
- To cultivate comprehensive knowledge about the complexities of contemporary African political economy in the context of globalization
- To develop analytical and critical skills geared towards the reflective study of African politics

LEARNING OUTCOMES: Students will develop the knowledge and/or skills to ...

- differentiate and identify Africa's major geographic features, political units (i.e., states), and their basic colonial and post-colonial history
- differentiate and identify the regional organizations and international actors (empires, countries, organizations) that historically or currently influence African politics and political economy
- develop an appreciation for the human and societal complexities underpinning Africa's post-colonial political evolution, from language and ethnicity to religion and gender
- develop appropriate research skills to competently find and assess primary information and secondary analysis relevant to African politics
- identify, understand, distinguish, apply, and critique different key concepts, theoretical perspectives, and dominant narratives that attempt to explain and analyze various aspects of African politics, economics, and conflict
- identify and recognize the contributions of significant African leaders (and intellectuals, etc.) as well as noteworthy Africanist scholars
- develop a considerable level of expertise about one country to enable cross-class comparisons around key themes and concepts through discussions, online participation, and written work

CLASS PREPARATION & DESIRE2LEARN (D2L) Lectures focus on the material presented in the textbook and readings as well as general discussion relating to the topic(s) outlined in the lecture schedule. Students are expected to read the assigned text chapters and readings before class, and be prepared for class discussion. Important information and additional readings are posted on Desire2Learn (D2L). Students should regularly check the Announcements or News section of Desire2Learn (D2L) for ongoing notices, as well as the Contents page for additional course materials and assignments. It is the responsibility of the student to understand all concepts presented in the textbook and lectures. If you need clarification, please take the initiative to ask the instructor during class or during office hours.

CONTACTING YOUR INSTRUCTOR Students requiring assistance are encouraged to speak to their instructor during class or their office hours. Should you wish to meet with the instructor outside of office hours, please email the instructor to make an appointment. It is to the student’s advantage to keep such appointments.

PROPER USE OF EMAIL Email is commonly used by students to communicate with their instructor. It is imperative that students regularly check their UofC email accounts for course related information and announcements (or forward that email to a regularly checked account). Email can limit the effectiveness of communication and may not be the best way for instructors to answer student questions. A personal meeting may be requested if necessary.

Students can use laptops and other electronic note-taking devices in this course with the exception of those times when the instructor asks all technology to be turned off. No recording of lectures (audio and/or video) is permitted without prior approval of the instructor. Please be considerate of others and switch off all cell phones when you enter the classroom. Sending/receiving texts or watching cat videos is extremely disruptive to others and will not be tolerated.

IMPORTANT POLICIES AND INFORMATION

Absence From a Mid-term Examination:

Students who are absent from a scheduled term test for legitimate reasons (e.g. illness with the appropriate documentation) are responsible for contacting the instructor via email within 48 hours of the missed test to discuss alternative arrangements. A copy of this email may be requested as proof of the attempt to contact the instructor. Any student who fails to do so forfeits the right to a makeup test.

Deferral of a Final Examination:

Deferral of a final examination can be granted for reasons of illness, domestic affliction, and unforeseen circumstances, as well as to those with three (3) final exams scheduled within a 24-hour period. Deferred final exams will not be granted to those who sit the exam, who have made travel arrangements that conflict with their exam, or who have misread the examination timetable. The decision to allow a deferred final exam rests not with the instructor but with Enrolment Services. Instructors should, however, be notified if you will be absent during the examination. The Application for Deferred Final Exam, deadlines, requirements and submission instructions can be found on the Enrolment Services website at <https://www.ucalgary.ca/registrar/exams/deferred-exams>.

Appeals:

If a student has a concern about the course or a grade they have been assigned, they must first discuss their concerns with the instructor. If this does not resolve the matter, the student can then proceed with an academic appeal. The first in an academic appeal is to set up a meeting with the Department Head.

University Regulations:

Students are encouraged to familiarize themselves with the University policies found in the Academic Regulations sections of the Calendar at www.ucalgary.ca/pubs/calendar/current/academic-regs.html.

Student Accommodations:

Students seeking an accommodation based on disability or medical concerns should contact Student Accessibility Services; SAS will process the request and issue letters of accommodation to instructors. For additional information on support services and accommodations for students with disabilities, visit www.ucalgary.ca/access/.

Students who require an accommodation in relation to their coursework based on a protected ground other than disability should communicate this need in writing to their Instructor.

The full policy on Student Accommodations is available at <http://www.ucalgary.ca/policies/files/policies/student-accommodation-policy.pdf>.

Plagiarism And Other Forms Of Academic Misconduct:

Academic misconduct in any form (e.g. cheating, plagiarism) is a serious academic offence that can lead to disciplinary probation, suspension or expulsion from the University. Students are expected to be familiar with the standards surrounding academic honesty; these can be found in the University of Calgary calendar at <http://www.ucalgary.ca/pubs/calendar/current/k-5.html>. Such offences will be taken seriously and reported immediately, as required by Faculty of Arts policy.

Freedom of Information and Protection of Privacy (FOIP):

FOIP legislation requires that instructors maintain the confidentiality of student information. In practice, this means that student assignment and tests cannot be left for collection in any public place without the consent of the student. It also means that grades cannot be distributed via email. Final exams are kept by instructors but can be viewed by contacting them or the main office in the Department of Political Science. Any uncollected assignments and tests will be destroyed after three months; final examinations are destroyed after one year.

Evacuation Assembly Points:

In the event of an emergency evacuation from class, students are required to gather in designated assembly points. Please check the list found at www.ucalgary.ca/emergencyplan/assemblypoints and note the assembly point nearest to your classroom.

Faculty of Arts Program Advising and Student Information Resources:
